

The Importance of Regular Habits

The welfare of the body depends upon how regularly the stomach, liver, kidneys and bowels perform their respective duties. Carelessness or delay in attending to Nature's demands, brings on disorders which, sooner or later, have a bad effect on the general health.

Sluggish bowels, inactive liver, retarded digestion are important matters calling for immediate attention.

BEECHAM'S PILLS

are a proven remedy. They possess corrective properties which act favorably upon the several organs and induce free and regular movements, so very essential to the bodily health. Do not fail to give instant attention to the calls of Nature. Neglect invites disease. Beecham's Pills are the old and reliable safeguard of health and can always be depended upon to

MUNICIPALUNACY.

By JOHN KENDRICK BANGS.

The London county council has tried in vain to sell or lease the municipal owned Thames steamboats. Now, if our old friend Sir Thomas Lipton will only buy one of them and bring it over here as a challenger for the America's cup, will he not kill two birds with one stone, earning the everlasting gratitude of the London taxpayer and winning a dukedom by restoring the coveted trophy to the mistress of the seas?

A distinguished traveler has noted that every great city has a special aroma of its own. This was the one best bet in New York a short while ago when the drivers of the city garbage wagons went on strike, leaving the city with a flavor so high that it made the Flatiron building look like an artesian well by contrast.

The city of Wheeling, W. Va., uses natural gas for fuel in its retorts. So do most writers on the subject of municipal lighting plants when anybody says that their product is no light matter.

When your alderman buttonholes you at a busy moment and tries to talk to you about the desirability of municipal ownership of electric lighting plants, ask him quietly what under the proposed system the output in kilowatts per \$1 in wages will be. If he asks you why you wish to know, tell him that as an owner of horsepower you are interested in ergs. In nine cases out of ten he will suddenly remember a previous engagement and vanish.

When the city of Boston went into the ice business some years ago she harvested 550 tons at a cost of \$60 per ton. This didn't include the value of the water either. Is it any wonder with these figures in mind that the hot Scotch is a more popular beverage at the Hub than the abstinence frappe and that the Athens of America has been the icy eye to public ownership schemes?

We do not like to differ with a distinguished statesman, especially when he is an authority concerning that of which he speaks, but we demur to Hon. Timothy D. Sullivan's prophecy when he says, "Give us municipal ownership in New York and Gabriel will find Tammany ruling the city when he blows the wakeup horn." We have an abiding faith that in such an emergency the people will wake up long before Gabriel begins to hounk.

We do not credit the rumor that the municipal ownership advocates of Marion, Ind., have tried to secure the exclusion of Rudyard Kipling's novel "The Light That Failed" from the public library on the score of offensive partisanship.

DEAN BOVEY AGAINST IT.

The Eminent Canadian Opposes the M. O. Gas Scheme in Montreal.

While in Washington recently Dr. Henry F. Bovey, dean of McGill university, Montreal, said in the course of a discussion of the proposed operation of the Montreal gas works by the municipality:

"I am of course opposed to any such proposition. Any one who understands the engineering aspects of such a plan can readily see that to turn over a lighting undertaking to municipal authorities would be equivalent to making it a tool of politicians who would not operate for the good of any one but themselves. In your own country the experience of Philadelphia should be enough to make any city hesitate on embarking in an enterprise calling for a large number of minor employees who would be nothing but political appointees and chosen because of their allegiance to the party in power.

"From the standpoint of economy any one can see that it is more costly for a city to operate its lighting plant than for individuals who have been trained in their respective departments for years and whose tenure of office doesn't depend on political exigencies."

Taxpayer Turned Down.
Calvin Stein of Niles appeared before the board of public service on Tuesday night and demanded an examination of the city's books to learn whether the city's officials are paying for the gas and water which they draw from the municipal owned plants. His demand was turned down—Warren (O.) Chronicle.

Niles, O., has been advertised as an example of successful municipal ownership by a small city. Its plants were installed in 1901 at a cost of \$50,000, bonds for all of which are still outstanding. Meanwhile the tax rate has risen to \$3.50, the highest in that county.

Offices Are Still Spoils.
Imagine a business man selecting a capable head of a department because of his politics or religion! The idea is almost a relic of barbarism. The merit system—why, every business house in Cincinnati is using this very system, and yet public office under the spoils plan is regarded as a sinecure to be doled out for effective party service.—Charles C. Kirkpatrick in Citizens' Bulletin.

Greed for spoils, graft in big and little things and incompetency seem to be inseparable from municipal ownership. This is true to some extent under the best managed city administrations, while the ordinary ones and those which are conspicuously bad load the taxpayers down with heavy burdens of unnecessary expenses.—Rochester (N. Y.) Democrat and Chronicle.

MAN, COW, FIDDLE.

Trio Commemorated on a Tombstone in a Connecticut Cemetery.

In the old cemetery of Central Village, near Plainfield, Conn., is the only tombstone known in New England erected to a cow and its owner. In several cemeteries have been found records that horses, dogs and even cats have been laid at rest beside their masters, but in no other instance on record has a cow had a slab erected in her honor.

The cow's name was Rosa, and the inscription says that she gave two pounds fifteen ounces of butter from thirteen quarts of milk in one day. This was a pretty good record for a cow, and a Jersey at that, the inscription goes on to say.

On the opposite side of the monument is the inscription, "All Ready, Mr. Cady," and below are the words, "At Rest." Above is the outline of a fiddle crossed with a bow.

Gurdon Cady, to whose memory the stone was erected, was known from the Massachusetts line to Long Island sound and from Providence to the Connecticut river half a century ago as the first fiddler that ever drew a bow at a country dance. He had two loves, Rosa and his fiddle, both of which found a place on his tombstone.

Marm Kenney's celebrated inn at Stafford was one of the most popular fields for Cady and his fiddle. From the time he started until the final flourish of the bow, when he chanted, "All promenade to seats," there was something doing every minute. Some of the residents here can recall many a time when they danced to his music until the sun's rays lighted the ballroom.

He would yell in between times special instructions to uncertain maids and swains. Once, seeing a young man at a loss what to do in the middle of a set, he sang out, "Swing that girl with the yellow apron on!" And the girl was promptly swung. All such diversions were worked in with his prompting, and no one except the persons addressed paid any heed.

Ten dollars a day or night and all expenses of traveling was the usual charge of Cady for his services in rendering "Money Musk," "Chorus Jig," "The Irish Washerwoman" and "Hull's Victory," which comprised his repertoire. During the dancing season he was continually on the road from one inn to another.

Outside of his love of music his most conspicuous trait was his love of cattle. Before he died he made arrangements to have the name of his favorite cow Rosa handed down to posterity with his own.—New York Sun.

Ladies Visit Home.

About 25 ladies, members of the W. C. T. U., of Granville, came down to the city Thursday afternoon and went out to the Children's Home, on a tour of inspection. They were met by Supt. John Kreig and Mrs. Kreig, the efficient matron, and were shown through the institution, from one end to the other. They found everything about the place scrupulously neat and clean, as were also the children. They are loud in their praises of the management of the institution.

Hunting Season Begins.

Tomorrow is the open season for quail and rabbits and the hunters are getting ready for the onslaught. The little Bib Whites are rather scarce this season, but the hunters are expecting some rare sport and you may prepare yourself to hear some tall tales of off hand shooting. Rabbit.

WHY NOT SENATOR CARTER FROM LITTLE WYANDOT?

Carl Anderson, mayor of Fostoria, who achieved a great victory in the late election by defeating the independent candidate for mayor by a plurality of over 500, has announced his candidacy for the Democratic nomination for congressman from the thirteenth district. Hon. Harry P. Black of Tiffin, who has been urged by friends to make the race positively declines, it being known that he is an avowed candidate for the nomination of prosecuting attorney of Seneca county. The Democratic candidate for congress at the last congressional election was from Marion county, and was twice defeated, and the Democratic candidate previous to that was from Seneca county and was also defeated. According to Democracy's well-established custom in making nominations in congressional districts the laws of rotation should prevail and this would bring little Wyandot into the limelight. For years this county was known over the state as the Gibraltar of Democracy, and has sent several brilliant men to congress.

The late Hon. D. D. Hare, who so ably represented the district from 1890 to 1894, was Wyandot's last representative in congress, and was elected from a district which has since been re-districted.

One of the most available men from Wyandot, and one who should carry the full party strength, is the Hon. Eliza Carter, at present state senator from the thirty-first district. He is an honored member of the legal profession, fearless, honest and outspoken in his convictions. In all questions pertaining to legislation he delves deep into the matter and then votes as he deems just and right. He is a brilliant orator, is able and aggressive, and in the senate and on the platform has advocated the tenets of his party with marked ability and broadly tolerant views.

TWO NEW NOVELISTS.

Messrs. Charles Scribner's Sons will hereafter be the publishers in this country of the works of Maurice Hewlett, formerly published by The Macmillan company, and have also arranged with Mr. Hewlett for future work. In adding to their list the name of Mr. Hewlett and that of A. E. W. Mason whose new novel, "The Broken Road," will shortly be published, the Messrs. Scribner have acquired the two most important English novelists of the day.

SACRILEGE

(Continued from page 1.)

such importance was the subject considered that the large part of the afternoon session was devoted to the discussion of the resolution of protest that was ultimately passed by a large majority.

The resolution in full follows: "Resolved, That this convention protest against such change (omitting the motto) and declares that the highest interests of our country demand the preservation of all those customs that have stood for the recognition of God in the life of the people."

Once during the heated debate that immediately followed its proposal cheers were heard and frequently there was loud applause. The discussion rose almost to the point of frenzy as delegate after delegate got to his feet.

Four attempts were made to have the resolution on the table and thus sidetrack it. As each failed there was a roar of handclapping. Fast and furious the discussion waxed. Now enthusiastic, now acrimonious, with bitter recriminations and contradictions. Clergymen of all denominations in and about this city are united in a demand that the motto, "In God we trust" be restored to the United States coins. Many ministers have declared that whoever was responsible for leaving off the words was worthy of the strongest denunciation, and that they would see to it that the blame was placed where it belonged.

NEWARK MINISTERS SOMEWHAT DIVIDED IN THEIR OPINION

So much comment has been caused by President Roosevelt's action in ordering the motto, "In God we trust," left off the new issue of American gold coins, that the Advocate tried to reach all the ministers of the city for their views on the subject. The answers differed, some favoring the action of the President, others condemning it.

Rev. L. P. Franklin of the Trinity Episcopal church says he fully approves of Roosevelt's action on the matter.

Rev. B. M. O'Boylan favors the motto as he thinks it will lead the mind to higher thoughts.

Rev. Charles H. A. Watterson does not see why the change should be made. The motto has been on the coins for a long time and expresses the sentiment of the people of the time.

Rev. Sager Tryon does not think it would make any difference if the motto was left off, religiously or materially.

Rev. H. M. Weisbeck thinks it rather immaterial whether the motto is left on or is taken off the coins, save as it expressed the conviction of the people.

Rev. J. W. Weeter thinks the motto should be retained and should be placed on the coins.

PRESBYTERIANS WANT IT RESTORED

Cincinnati, Nov. 14.—The Presbyterian Brotherhood, whose national convention is in session here today, passed a resolution calling upon the President to order restored on all United States coins the motto, "In God we trust."

Eleven hundred delegates from all parts of the country are attending the convention.

The Brotherhood claims to have solved the problem of making men attend church. Speakers report great success in weaning them from the Sunday newspapers.

A government commission is struggling with the problem of exterminating the Nun butterfly, which has become a plague in Bohemia.

CANDIDATES FOR THE PRESIDENCY, TAKE YOUR CHOICE

Washington, Nov. 14.—The Republican National committee will meet in Washington in the first week of December and begin the political campaign of 1908 by calling the National convention. This will be held early in June, probably in the first week.

Four cities have bid for the convention—Chicago, St. Louis, Kansas City and Denver. Each has raised the necessary funds. If Kansas City can demonstrate sufficient hotel accommodations it stands a very good chance of being selected because of having the largest and best hall.

Immediately after the call of the committee is issued district conventions for choosing delegates will begin in all States. A few will be held in December, but most of them in February and March. The assembling of Congress on December 2 will start active political work in behalf of various candidates. The situation today, as outlined by a foremost active manager of national politics, is as follows:

President Roosevelt—The uncertain quantity and still dominant figure on whom all others must depend, but beginning to lose some of the overwhelming confidence of the people which he possessed. It is noticed that the President no longer is reiterating to all callers at the White House his statement of last election night that he will not be a candidate again.

Vice President Fairbanks—Suffering from ridicule of the cocktail story, but always kept in consideration by politicians because there is only one life between him and the Presidency during the next year, and that life is recklessly exposed in hunting, jumping fences on horseback and tempting inclement weather. If accident should make Fairbanks President before the convention he would become thereby the strongest individual candidate for the nomination.

Secretary Taft—Handicapped by the dominance of Roosevelt, being unable to speak for himself or stand independently. Considered by politicians to have less strength today than six months ago. He inherits all of Roosevelt's enemies and none of the President's personal popularity.

Governor Hughes—Conceded by all the politicians to be assured of a solid delegation from New York State and growing in popularity throughout the country without seeking the support of any man. His independent position and absolute refusal to discuss or take any action in politics make him the most uncertain figure in all reckonings. His stock has had the greatest percentage of increase during the past month of all candidates.

Speaker Cannon—His boom will be sprung with the meeting of Congress. Large numbers of Congressmen are expected to announce their support of him, particularly those antagonistic to the President. The session, they anticipate, will prove a continuous promotion of his interests.

Senator Knox—Silent and in the background, assured of the Pennsylvania delegation, and biding his time for a reaction against present agitations.

Secretary Cortelyou—The dark horse, who will not seek a single delegate nor announce himself as a candidate, keeping clear of all other booms and alliances. Will remain loyal to Roosevelt but hopes to be nominated as Garfield was in 1880.

Every plan now made is subject to two uncertainties—the action of President Roosevelt and the financial condition of the country during the next six months.

Fortune Heaters at Keller's. 11

HIS SLEEP

(Continued from page 1.)

could not be aroused. In fact, it is impossible to arouse him. Occasionally he opens his eyes and speaks and several times during his last illness has arisen from bed and sat up for a short time. On those occasions he is very anxious as to the state of his health and inquires whether there is any chance of him getting well. On one of these occasions he remarked, "Ma, I never felt better in my life than I did the morning I marched away to war, but look at me now."

Morris evidently referred to his emaciated condition for he weighs less than 100 pounds. He is bathed daily by his father and is also shaved two or three times a week. Thursday morning about 5 o'clock he remarked that he was cold. After the covers had been tucked around him he did not speak again. This was the first time he had spoken since a week ago Tuesday. He is fed two quarts of milk a day through a tube which is inserted in one corner of his mouth, and that is what is keeping him alive.

Dr. Turner raised him in bed and he sat upright without support. When the physician attempted to open his eyelids there was a resistance, showing that he still had control of the muscles. His temperature is usually normal, but his pulse runs as low as 45 and 50. His jaws are set and can not be forced open. He seems at

times to comprehend what is told him by his father and makes an effort to obey him, but is like a little child, and will not obey his mother.

When he was a lad of 15 he was accidentally struck across the head with a ball bat, but neither the physician nor his family think that that is the cause of his present trouble. Dr. Turner is of the opinion that he suffered from meningitis, causing an inflammation of the membrane covering the brain. This has superinduced a swelling which has forced a parting of the sutures of the skull. It is possible that an operation may relieve the trouble, and this will probably be done in the near future.

The case is surely a remarkable one, and is attracting much attention in medical circles.

My Best Friend.

Alexander Benton, who lives on Rural Route 1, Fort Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equaled it. Fully guaranteed by F. D. Hall, druggist. 50c. and \$1.00. Trial bottle free.

Valuable Recipe For Home-made Cough Cure

This recipe will give you a pint of unequalled cough medicine—enough to last the whole family a long time. It may be made in five minutes, is pleasant to take, and usually cures a cold or deep-seated cough in twenty-four hours.

Granulated Sugar Syrup, 1 1/2 oz. Pinex 2 1/2 oz. Three-quarters of a pound of granulated sugar will be enough. The 2 1/2 oz. of Pinex can be had of any druggist for 50 cents. Mix in a clean pint bottle. Shake well. Take a teaspoonful every one, two or three hours as required. Well corked, it keeps for many months.

Pinex is the pure and highly concentrated extract of Norway white pine tar. It contains the highest known proportion of gualacol, the curative element which has made the Norwegian pine forests famous for centuries in the cure of consumption.

The pure Pinex is not to be confused with any of the numerous pine tar or pine oil preparations. All druggists have it or will get it if requested.

HORSE STOLEN FROM FARMER

It was a costly visit Jesse Vanatta, living three miles west of Newark on the Cherry Valley road, paid to this city Wednesday night, and as a result of his trip into town he lost a valuable mare and a new top buggy. When he arrived in the city he hitched the outfit at the corner of West Main and Union streets and entered a store.

He was gone about thirty minutes and on his return found the horse and buggy missing. He promptly notified the police and the officers were given a description of the missing property and ordered to look for it. As no trace of it had been found this morning post cards were printed and sent to the police of nearby cities.

The horse is a sorrel mare with a white hind foot and weighs about 1,000 pounds. The buggy has red running gear and a top. A reward of \$25 has been offered for the return of the property, or for information regarding it.

PLEASANT SURPRISE PARTY.

One of the pleasant events of the past week was the surprise on Miss Hazel Jacobs at the home of her parents, Mr. and Mrs. Hiram Jacobs, near St. Louisville, Tuesday night, it being the occasion of her 16th birthday anniversary. The surprise was complete and the evening was passed in music and social conversation, seasoned with a fine supper consisting of oysters, pickles, coffee and all the usual side dishes. Miss Jacobs received a number of beautiful presents, and the guests departed at a late hour, wishing her many more such happy birthdays. Those present were Messrs. and Mesdames John Hunt, Charles Miller, John Harris, Leeding Stout, Ora Hamilton, Isaac Hawke, Mr. Marion McClellan, Mrs. Mary Jones, Mrs. Della Harris, Mrs. Laura Burrell and Mrs. Essie Irwin and two children, of Coshooton, Misses Nellie Jones, Rosa Campbell, Lillian McClellan, Nora Hobbs, Mary Van Wey, Dottie Hickey, Oma Van Wey, and Lonnie Burrell; Messrs. BUCKLAND-EMBREY WEDDING A SURPRISE TO MANY OF THEIR FRIENDS.

Miss Comisford Sustains Injury—Re- turns After 25 Years—Recep- tion—Personals.

Hebron, Nov. 14.—The marriage of Miss Helen Embrey and Richard Buckland, which occurred Wednesday last, was quite a surprise to their many friends here. After a wedding trip to Toledo they arrived here Saturday and will make their home with Mr. Buckland's mother on the farm near Licking.

It is rumored the wedding bells will soon ring again, this time for one of our maids that will require a long ring.

Among the events of last week was a reception tendered the Rev. J. R. Tibbles and family, Friday evening at their home on Eastern avenue by about seventy of their friends. The event was a complete surprise on them. However they soon rallied and devoted themselves to the entertainment of their self-invited guests, giving a hearty welcome to all. A very enjoyable evening was spent with music, games and social conversation, seasoned with a dainty lunch.

A special program of the C. E. society was rendered at the Church of Christ Sunday evening, which was very interesting.

Mrs. Hickerson, who has been visiting friends out of town for several weeks, has returned home.

GRANVILLE NEWS

Granville, O., Nov. 14.—Mr. W. H. Cathcart of the class of 1890, now of Cleveland, and now also a trustee of the college, has just sent gifts to the library, that are very interesting. A large picture of the college and campus, made from the first photograph taken in 1872, and three old and original documents connected with the history of Granville. They are all framed and glazed. One of the documents which was written on both sides of the paper, is glazed on both sides. To any lover of early history of our town, these old papers are of the greatest interest.

Mrs. C. L. Seasholes of Philadelphia, who has been here for some days visiting her sister, Mrs. W. P. Ullman at her home on North Pearl street, left Thursday for her home. On Tuesday afternoon Mrs. Seasholes and Mr. and Mrs. Ullman were entertained at dinner by the members of the Lambda Deuteron chapter of Phi Gamma Delta. Both Mr. and Mrs. Seasholes are graduates of Denison and Mr. Seasholes is an enthusiastic Phi Gam.

Mrs. W. P. Ullman delightfully en-

tertained thirty-five ladies at her home on North Pearl street on Tuesday evening in honor of her sister, Mrs. C. L. Seasholes of Philadelphia. The evening was spent most delightfully in having a good social time. Refreshments were served. Among those present from out of town were Mrs. Edward Little of Norwalk, O., Mrs. Husted of Washington D. C., and Mrs. Dalton of Milwaukee, Wis.

Mr. and Mrs. Thomas Huntsman of Bucyrus, who have been here during the past week visiting friends, returned home Wednesday.

Maurice Lyle, a prominent business man of Cleveland, was here Wednesday on business.

RAN LEAD PENCIL IN ROOF OF MOUTH

Johnstown, Nov. 14.—While the little six-year-old daughter of Mr. Vick Meredith was playing on the school ground at Amsterdam, she fell, running a pencil which she had in her mouth, up into the roof of her mouth, breaking it off. Dr. Ashton of Jacksonton finally succeeded in getting the parts out, the little girl standing the probing very bravely.

Even the close-mouthed man must open up when the dentist gets at him. It's when a fellow gets tight that he lets himself loose.

ACT OF BRAVERY OF CAPT. INSCHO

SINGLE HANDED HE CAPTURED A CONFEDERATE CAPTAIN AND FOUR MEN.

The Feat Was Brought to the Attention of the Government Which Duly Honored Him.

A few years ago Captain Inscho, who was a gallant soldier, was honored for a deed of valor while in the defense of the Stars and Stripes during the Civil war, for which he was awarded the medal of honor by the United States government. At the time the Captain was awarded the medal he described his act of bravery as if it were but a mere incident in the course of his regular duty. He modestly said:

"I was a member of Co. E, 12th Ohio infantry, when, at South Mountain, Md., our regiment, with others, charged the Confederates, who were posted behind a stone wall on the side of the mountain. As we approached the enemy, a rifle ball struck my gun, wounding my left hand. While I stopped to examine my piece and my hand, the regiment made a flank movement to the left, leaving me alone near the wall. A Confederate captain was on the other side and as he came near me, I caught him by the collar and told him to surrender. He refused and pointed his revolver at my head, but I caught it by the barrel and turned it up just as he fired. I clung to the revolver and disarmed him, and grabbing him by the shoulders began to pull him over the wall. He struggled vigorously and struck me in the face several times, but I got him over the wall and knocked him down, compelling him to surrender. I then turned my attention to some of his men, who were taking refuge behind a clump of trees. I pointed my revolver at them and demanded their surrender. Four of them dropped their guns and came over to the Union side of the wall, but a fifth man came up to me with his gun in his hands and swore he would not give up to a Yankee. He took aim as he spoke and I dropped behind the wall just as he fired. He turned to run away, and I at once arose from my position and emptied the contents of my revolver into him. I then ordered the captain and his four men to fall in, and marched them over to the colonel of my regiment."

RAIL MAKING

HAS BECOME A WELL ESTABLISHED INDUSTRY IN CITY OF NEWARK.

Newark Plant Has Been in Operation Three Months and Has Bright Future.

One manufacturing concern of Newark which has a great future and which the citizens know very little about, is the Ohio Rail company, located about five hundred yards southwest of the western corporation line of the city. The company which has only been in operation about three months, has made great strides and with the orders piling in on them as they have for the past few weeks, the concern will rapidly come to the front of the industries of the city.

The business of the company is the manufacture of rails for all purposes, from the 12 pound mine track to the 40 pound street or steam car rail. Over 50 skilled mechanics are employed at the present time as the company is only running on one shift, but within three months the factory will be more than doubled.

At the present time 50 tons of rails are turned out daily, but as the mill will soon go on the day and night turns, the capacity will be doubled. The plant that they are now occupying was formerly the Newark Iron and Steel company, and it is well equipped for the present work. The factory covers nine acres of ground and as the men employed are skilled in their line, the semi-monthly payment is large. It is well located, and is close to both the B & O. and the Pan Handle railroad so the shipping facilities are of the best.

The officers of the company are L. B. Foster, president; L. E. Richards, vice president; H. N. Bernheimer, secretary, and T. J. Castello, general manager.

DAY'S BUSINESS IN COURT HOUSE

Answer Filed.

In the case of David Hankinson, Wm. H. Pittsford, Joseph H. Fulton, Arnold Norpell, Eliza J. Hankinson, Howard M. Coulter and Susan Pittsford vs. The Columbus Natural Gas company, the defendant admits that the plaintiffs executed a lease to John W. Smith; that the plaintiffs accepted from it the rent as alleged. Defendant also admits that its agent, Frederick Ewing, accompanied by Joseph Jackson, a notary public, called on the plaintiffs and obtained the lease, but denies all the other allegations, and asks that the petition be dismissed. Kibler & Montgomery, attorneys for defendant.

Transcripts Filed.

The following transcripts from the criminal docket of Mayor McCleery have been filed with the clerk of the court:

State of Ohio vs. Plumber Marriott bound over to Common Pleas court on the charge of forging and counterfeiting a promissory note for \$216.50.

State of Ohio vs. James Murphy, bound over to the grand jury in the sum of \$500 on the charge of assaulting Cora Morrison and taking a pocketbook containing \$1.

State of Ohio vs. James Jonson, charged with stealing money and opium to the value of \$21 from Hong Lee, bound over to grand jury in the sum of \$100.

Suit for Divorce.

Cleo Inskeep has commenced suit for divorce in the Probate court from William Inskeep. The parties were married April 27, 1905. Four causes of action the plaintiff charges the defendant with extreme cruelty and failure to provide. She says that on November 28, 1906, while they were living in Columbus, he sent her to her home in Granville under promise that he would come for her, but instead of doing so he immediately left Columbus, and has been gone since. She asks that she be granted a decree of divorce and restored to her maiden name of Cleo DeBow.

Probate Court Items.

Attorney Joseph W. Horner has been appointed administrator of the estate of William W. Jones, deceased of Newark. Bond, \$200.

Application has been made to probate the will of John Montgomery, deceased, of Granville township. The hearing has been set for Saturday, October 23, at 10 o'clock.

Sent to Reform School.

On affidavit of Trust Officer D. J. Jones, warrants were issued for the arrest of Jesse Moats and Charley Moats, aged respectively 14 and 12 years. They were charged with habitual truancy and being incorrigible. Charles was brought before the Probate court on Tuesday and as he was under a suspended sentence was sent to the Boys' Industrial School at Lancaster Wednesday. Jesse has been visiting at his uncle's, near Dudgeon's Corners, and when Deputy Sheriff Hindel went out to that place the boy saw him and took to cover, and the officer was unable to find him. Wednesday morning it was learned that the boy had returned to his home in the East End, and he was brought before the Juvenile court in the afternoon and ordered sent to the Boys' Industrial School at Lancaster.

In Common Pleas.

Arguments of counsel were made today to the court in the case of Chas. C. Forry, trustee, etc., vs. E. W. Crayton, and the matter was submitted to the court for decision. The suit involves the question as to the title to the proceeds of a stock of goods used in the drug business, the trustee claiming that the proceeds should be divided among the creditors ratably, and that the chattel mortgage executed by Robert M. Smith upon the stock of goods should not preclude these creditors from having a share in the estate. The de-

endant claims that the mortgages were given in good faith, and that they should be allowed to him. Forry, Davies, Flory & Flory; Kibler & Montgomery.

In the case of Isaac Mazelin vs. Tilden Mazelin, et al., the taking of testimony was not concluded yesterday afternoon and as it was necessary for counsel engaged in the case to go to Columbus this morning, to appear before the Supreme court and make arguments as to the right to leave to file petitions in error in the Collins and Kerlin cases, an adjournment of the case was taken until 1 o'clock this afternoon. Moore, Black, Kibler & Montgomery; Smythe & Smythe, Fulton.

CHARGE EMBEZZLEMENT.

Riley A. Bail, a young Newark lad that the police have been looking for since the 26th of last October, was arrested today at Marietta, and is being held there awaiting information from the Newark police. Bail wrote insurance for the Newark Loan and Insurance company, and collected \$13 that he failed to turn in. He then skipped the town, leaving a board bill and some other bills unpaid. James W. Scott, manager of the Newark Loan company, swore to the warrant.

MANY SUDDEN DEATHS

From Poisonous Rheumatism. Rheumatism has for years been regarded as an exceedingly painful disease but it has only been discovered within the last few years that it is this terrible trouble that is either directly or indirectly causing thousands of deaths yearly throughout our country. Rheumatism of the Heart, Neuralgia of the Heart, Paralysis, Uric Acid Poisoning are among the most dangerous forms of the disease. If Uric Acid is allowed to stay in the system sudden death can scarcely be averted, but if any sufferer will go at once to W. A. Erman & Son, and get a bottle of "BLOODINE," the guaranteed remedy for Rheumatism, they will positively be cured. BLOODINE in large bottle cost 50 cents. In old chronic cases where there is acute pain, "BLOODINE RHEUMATIC LINIMENT" should be used with "BLOODINE."

AMUSEMENTS

One of the principal reasons for the success in England of "The Bondman" was that every attention to detail had been given in the marvellously faithful productions of the scenes in the Isle of Man and the convict mines and solitaria deposits of Sicily. Appreciating this fact, Wm. A. Brady with characteristic judgment decided on importing into America the entire Drury Lane production and this will be seen here. A rough idea of the magnitude of the production can be gained from the following figures: Cost of scenery, including special artist drops or backdrops, painted in Sicily, \$785 pounds, or almost \$20,000. The effects cost in addition another third of that sum and the properties, which include furniture, antiquated examples from the Isle of Man and the islands of Sicily were all of them bought in those islands and shipped to Drury Lane and have now come to America. All of the costumes are true to life and were made in duplicate of those used at Drury Lane. A company of 60 people including a prominent cast will support Mr. Lackaye.

Tonight is the night.

THE LUNATIC AND THE LADY.

"The Lunatic and the Lady" is the title given to Melville B. Raymond's latest musical comedy success, which bids fair to equal his former success with "Buster Brown." It is the funniest and cleanest musical comedy on the road. No coarse jokes, which mar so many other musical shows are tolerated. The cast comprises a company of the best known farceurs obtainable. Mr. Frank Christie, J. L. Mintz, J. Paul Jones, Miss Jeanette Mozar, Gertrude Van Dyck, Grace Perry Marie Gillette and others equally well known and the greatest dancing chorus in America, with a quarter hundred glad some glittering girls. The attraction will be seen at the Auditorium on Friday, Nov. 15.

STOCK COMPANY.

The Aubrey Stock company is announced at the Auditorium for one week, commencing Monday. This company is, without doubt, one of the best companies playing at popular prices. Among the plays that will be seen during the engagement in this city are A Great Temptation, A Man's Broken Promise, Why Girls Leave Home, A Midnight Marriage, Her Fatal Wedding, When the World Sleeps, Driven From Home and others. The vaudeville features with this company are unexcelled. Ladies' 15 cent tickets will be sold for Monday night, limited.

THE FLAMING ARROW.

Red Flash, the famous Indian runner, who carried Custer's last message, is one of the most interesting of a group of famous Red Men who formed the attacking party on the fort, in "The Flaming Arrow," the romantic drama by Lincoln J. Carter, which plays at the Auditorium Tuesday evening, November 19.

Red Flash, an old man now, will be seen with this attraction. He was once, and indeed for a full decade, the fastest of all Indian runners. It is said that a sprint of 100 miles a day as bearer of important messages between forces of the regular army, was but a trifle. He formerly was one of the most noted blood thirsty warriors on the Lakota plains. Red Flash, however, for many years has been an earnest

Sore Throat

You owe it to your family to have a bottle of TONSILINE ready for instant use at the first appearance of Sore Throat. TONSILINE will positively cure it and by using it you avoid the danger of Tonsillitis, Quinsy, Cropp, Diphtheria and other dread diseases.

No wonder TONSILINE is so popular a Sore Throat Cure. It is made to cure Sore Throat. When you have Sore Throat the gateway to the body is sick. Then you need a remedy you can be sure of—one made especially for curing Sore Throat. Don't delay—TONSILINE is the stuff in a tin, 25 and 50 cents, all drug stores. The Tonsiline Co. Canton, Ohio.

land, well wisher and servant of the whites.

EAST LYNNE.

"East Lynne," the greatest story ever woven about woman's wrongs, the favorite dramatic vehicle in the past for many famous actors and actresses, and one of the most powerful magnets in the theatrical field today, will be given a notably artistic presentation by Joseph King's New York company at the Auditorium next Saturday afternoon and night. This greatest of emotional plays is one of the real dramatic treats of the season. It will be ably interpreted by the efforts of a cheerfully selected and well trained dramatic company. Everything required in the way of scenic equipment and accessories has been provided and competent stage direction will insure a smooth and well balanced performance.

ORPHIUM THEATER.

The bill at the Orphium this week is very pleasing and should be seen by all vaudeville lovers. The Manola family, acrobats and equilibrists are good. Smith and Stiff, novelty plate spinners, please. Mr. and Mrs. Jack Gordon have a funny German sketch, and get away with it nicely. Eddie Baxter, the minstrel boy, is a good dancer and has an excellent parody. The illustrated song and moving pictures are both good.

Seats on sale for the extra attraction on Friday. Dr. Lichtig and company will present an extremely funny and interesting sketch written by the doctor. Secure your seats early as the extra attraction promises to be a powerful drawing card.

DON'T WAIT.

Take Advantage of Newark Citizen's Experience Before It's Too Late. When the back begins to ache. Don't wait until backache becomes chronic; Till serious kidney troubles develop; Till urinary troubles destroy night's rest.

Profit by a Newark citizen's experience.

G. W. Harter, living at Thornville, R. F. D., No. 5, well known in Newark, O., says: "For several years I suffered with a complication of kidney, rheumatism and urinary troubles, and physicians could not help me. In spite of all the medicines I used I grew continually worse. My back became so weak I could scarcely get about and there was a constant dull heavy aching in the small of the back, varied with occasional sharp shooting twinges like knife thrusts that almost paralyzed me. I expected that I would never be able to get rid of the trouble but in talking about my case with Mr. Crayton, the Newark druggist, he advised me to try Doan's Kidney Pills, saying he had known of many of his customers who had used Doan's Kidney Pills for the same troubles and had found great relief. I got a box from him, went home and began using them. To make a long story short, they cured me and the cure has been a permanent one. I have had no more backache, my back is strong, the kidney secretions are regular and normal, and I attribute my present good health to the use of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

DONATION

Made by Sam Williams Camp for Orphans of Spanish American War Veterans.

Sam Williams Camp No. 23, United Spanish War Veterans, held their regular meeting at Memorial Hall on Wednesday evening. Orders were read deploring the death of Captain L. H. Insecho.

A liberal donation from the camp funds was made for the purchasing of Christmas cheer for the orphans of Spanish war soldiers in the Soldiers' and Sailors' Orphans' Home at Xenia, O. regardless of their membership in the organization. Also arrangements were perfected for an oyster supper for members and comrades who have made application for membership including Wednesday evening, November 27, on which date the regular meeting will be held and oysters and coffee will be served in the banquet hall to all in attendance.

Sam Williams Camp is in a flourishing condition with a membership of 58 in good standing. The camp attended Comrade Insecho's funeral in a body.

METROPOLE IS WELL FURNISHED

Hotel Monthly Says It is Conceded to be Best in Chicago in Many Respects.

The Hotel Monthly of Chicago, in the current number contains a half page devoted to the Hotel Metropole. Twenty-third street, Chicago, showing a typical floor plan of the house.

This hotel was recently purchased by Captain Frank G. Warden, of Newark, and Mr. Horton, who have formed a partnership under the firm name of Horton & Warden. The magazine refers to the hotel in this way: "The Metropole is conceded to be in many respects the best furnished hotel in Chicago, and with the possible exception of the Annex, has more public room facilities for social functions than any other house. The hotel is cleverly illustrated in a booklet issued by the management. We reproduce from the booklet a typical floor plan of this hotel, showing the abundance of natural light for all rooms. This hotel is unique from the fact that light for the south front rooms was secured by moving a large chimney some 50 feet to give this desirable feature; also providing a city garden."

THE PRESIDENT IN NEWARK, O.

The Sick Receiving Medical Service Free.

DR. BANCROFT,
President of the English Staff of Physicians and Surgeons, Composed of German, English and American Doctors, Permanently Located AT THE DOTY HOTEL AND WILL RENDER SERVICES TO THE SICK FREE UNTIL THE EVENING OF NOV. 27.

You need not bring money as consultation and advice is free, the rich and poor alike treated. All who call upon the doctors before the above date will receive consultation, examination, advice and surgical operation free of charge. All that is asked in return is that every person will state to their friends the result obtained by their new system.

ALL DISEASES OF MEN AND WOMEN TREATED.

Deafness cured by an entire new system. No matter what your disease may be or of how long standing. The doctors will locate your disease without asking you any questions. These doctors are said to be the greatest stomach, liver and kidney specialists in America. The sick and afflicted should take advantage of the opportunity here offered. They may never again have the privilege of consulting such skilled physicians so near their homes. Go and have it forever settled in your mind. If your case is curable they will tell you so frankly, if incurable they will give you such advice as to prolong your life. No sick man or woman should fail to consult these eminent men. It is the greatest opportunity of the sick person's life.

Every kind of human ill falls at the touch of these marvelous men, so great and wonderful have been the cures that in many cases it is hard, indeed, to find the dividing line between human accomplishment and miracle. It matters not what the ill may be; it matters not what discouraging reports may have been made from any direction; it matters not if you have been told that grim death stares you in the face. Go and consult these doctors, and if there is the finest thread upon which to hang a hope you will find that hope there, and that hope will surely lead you to peace, contentment and health.

No time given to drones or gossipers. Be it distinctly understood that we are not Christian Scientists, Magnetic Healers or Faith Healers, but treat diseases on scientific principles.

THESE DOCTORS are skilled specialists in every ill that flesh is heir to and will be found ready and willing to extend the hand of help, bringing back health and happiness where now exists sickness and sorrow. A special invitation to anyone suffering from disease pronounced incurable. It matters not what your disease may be, come and be examined; if curable they will cure you; if incurable advise you. These doctors treat every variety of disease and deformity. They have had vast experience in London, Paris, Heidelberg and Stockholm.

CONVENTION FOR IMPROVEMENT OF OHIO RIVER

Wheeling, Nov. 14—Two hundred delegates are attending the Ohio river improvement convention which opened here today including two governors and two congressmen. The morning session was taken up with addresses by Governor Dawson, of West Virginia and Congressman Hubbard of the First West Virginia district. Both expressed belief that the Ohio is to become the greatest artery of business in the world when a nine foot stage was realized. President Vance declared the battle for a page devoted to the Hotel Metropole, stage of nine feet was already won in Congress.

STATE PRESIDENT GIVEN RECEPTION

DAUGHTERS OF REBEKAH OF
NEWARK HONOR MISS KEAGEY
WEDNESDAY NIGHT.

Members of the Order Were Present
From Zanesville, Granville and
Other Places.

One of the most enjoyable events
of the week was the reception given
by the members of Licking Lodge,
No. 143, Daughters of Rebekah, of
this city, at Odd Fellows' Hall Wed-
nesday night in honor of Miss Keagey
president of the state association,
and Mr. and Mrs. Bell of Zanesville,
who are officers high in the order.
The commodious hall was crowded
with the local members of the order
and visitors from Zanesville, Han-
over, Granville and other places. The
program of the evening consisted of
short addresses by local members
and Miss Keagey and Mrs. Bell for
the good of the order. During the
evening coffee, ice cream and cake
were served.

HAZERS' VICTIM LEAVES SCHOOL

Health of J. W. Snyder of Ohio State
University Badly Affected by
Recent Experience.

Columbus, Nov. 14.—Because his
health was impaired by his hazing
early in September John W. Snyder
of Uniontown, Pa., has been obliged
to give up his studies temporarily at
Ohio State university. He left last
evening for Orlando Fla., to remain
two months.

Mr. Snyder yesterday said his prin-
cipal injuries were in the throat,
lungs and right side. The ribs were
not fractured, but were badly injured.
His throat and lung trouble is due
to a quantity of sawdust he was
forced to inhale by the crowd of soph-
omore students. Snyder was placed in
the wagon, and was thrown face
downward and some of the boys sat
upon him. His face rested in a bed of
sawdust and as before the dust was
swallowed. For four days thereafter,
Snyder says, he was spitting blood and
particles of sawdust.

Snyder yesterday said he now
weighed only 153, as against 190 be-
fore the hazing incident. He said
that he bore the university no ill will,
nor with one exception did he have
hard feelings toward the hazers but
that unless his health was restored
soon, he would seek legal recourse
against the students, who mistreated
him.

Wonderful Eczema Cure

"Our little boy had eczema for five
years," writes N. A. Adams, Henuet-
ta, Pa. "Two of our home doctors
said the case was hopeless, his lungs
being affected. We then employed
other doctors, but no benefit resulted.
By chance we read about Electric Bat-
ters; bought a bottle and soon no-
ticed improvement. We continued
this medicine until several bottles
were used, when our boy was com-
pletely cured." Best of all blood
medicines and body building health
tonics. Guaranteed at F. D. Hall's
drug store. 50c.

ASSOCIATION DAY

The Cause of Young Men Will Be
Presented in the Churches
Next Sunday.

Next Sunday will be Association
Day in the city, and some well known
Y. M. C. A. speakers will preach to
the different congregations on themes
pertaining to young men.

This week is known as the Week
of Prayer for Young Men, and all
over the country attention is being
called to their needs. Today, Thurs-
day, Christian people are asked to
consider and pray for the large class
known as Railroad and Industrial
men. There are 231 railroad associa-
tions with a membership of \$7,860.
The number of conversions last year
reported was 2,741. Prayer is asked
that this may be increased largely.

The membership of the Associa-
tions include over 89,000 men and
boys from the ranks of industrial
workers. The association has be-
come a large force in the physical,
mental and moral uplift of these men.
"The Immigrant" is a new and diffi-
cult problem to be solved in con-
nection with industrial crises. The un-
spoken cry of need, from a multitude
of toiling men and boys comes up "by

reason of their bondage," under the
Christian men of America.

NO CHANCE TO LOSE.

If you'd make that old house new,
and do a job that'll last you, too,
Aurora Paint is always good. It wears
like iron and saves the wood. And
when Aurora Paint you use you never
take a chance to lose. Made by The
Malleable Paint and Color Co., Marietta,
Ohio. Sold by Newark Paint Co.,

TO TEST VALIDITY OF BOND ELECTION

Columbus, Nov. 14.—O. E. Davis,
president of the West Side board of
trade has requested the city law de-
partment to file a suit to test the
validity of the vote cast at the recent
election for the \$1,000,000 bond issue
to abolish grade crossings in Colum-
bus. The board of elections, which
at first doubted whether the vote was
sufficient, owing to alleged irregulari-
ties, to give the bond issue the nec-
essary two-thirds vote, later certified
it to count as carried. If the law de-
partment does not believe it necessary
to test the legality of the vote, the
West Side board of trade, will do so.
